General Earle G. Wheeler  
Chairman  
Joint Chiefs of Staff  
Washington, D. C.

Dear Bus:

That was a mighty impressive review yesterday and I thought it was particularly appropriate that you addressed your remarks to the Old Guard.

You have my congratulations on your appointment as Chairman of the Joint Chiefs and assurances of my continued cooperation and support as well as that of the Agency. I have asked our people to ensure that certain privileged, personal services we provided General Taylor are continued for you.

If there is any way in which I or the Agency can help you, you need only tell us.

Faithfully yours,
